

# DATA SHEET

## S.T.E.P™

### Product Description:

Special Torque-resistant Edging Pad, this Lens Edging Pad features a unique internal reinforcement to prevent stretching and thus reduce axis problems.

The high-tack acrylic adhesive removes cleanly and in one piece thanks to our double-fingerlift. A premium product suitable for all kinds of lenses.

### Physical Properties:

Adhesive	Acrylic
Carrier	Closed cell PE foam 0,8 mm
Top Liner	Printed glassine paper
Bottom Liner	Glassine paper
Shelf Life	12 months from dispatch when stored in original cartons at 21°C and under 50% relative humidity

The data and details in this sheet were correct and up-to-date at the time of printing and are intended to provide information on our products and their possible applications. This sheet is not a specification and does not assure specific product characteristics or make reference to the suitability of the products for a definite application. Because Permanento cannot anticipate or control every application, we strongly recommend testing of this product under individual application conditions. In accordance with our policy of continuous improvement specifications may vary.
